Deadwood, S. D., Oct. &-Immediately upon the arrival of the Roosevelt train at Deadwood at 8 o'clock tonight Govtenor Roosevelt and Senator Dolliver were taken in carriages through the streets of Deadwood to the Deadwood narrow guage railroad, hwere the party entered a train and were taken to Lead, a mining camp, where two speeches were made. One was at some length in Miners' Hall, to a closely packed house and the other a brief talk from the carriage to the much larger crowd which could not gain admittance. The street emonstration at Deadwood as the carringe passed through the streets, was extraordinary. Me nand women, mounted and o nfoot filled the streets and lined the sidewalks. The night was Humined by electric lights, rockets, innumerable torches, by fireworks of all descriptions and above all the old features of the dem onstration was the wild rush for the carriage which contained the governor and the cheers and cries that greeted his Progress during the journey between the stations. The crowd was the most demconstrailve and excited that has yet been met with on this long journey of more than 9,000 milees.

Governor Roosevelt made a short Governor Roosevelt made a short could be construed any such statement. it is your fault."

The train stopped at Crawford long enough to enable Governor Roosevelt, Senator Dolliver, and Mr. Deitrich, candidate for governor, to show themselves upon a platform in the middle of the town. This is essentially a cattle-growing country and other farm products do not flourish to any great extent. Governor Roosevelt said: "Out here, where you raise cattle, not only the amount of cattle, but the value of them, has increased anywhere from 40 to 60 per cent.
